BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure. The positions of Chief Executive Officer ("CEO") and Chairman of the Board are both held by Mr. Douglas Taylor. The Board believes that the combined role of Chairman and CEO is the most effective leadership structure for the Company and in the best interests of its shareholders. It serves to promote strong and consistent leadership, allowing management to speak with a single voice and delineate primary responsibility for management of the Company. The Board believes that Mr. Taylor is best suited to serve as Chairman because, as CEO, he is most knowledgeable regarding the Company's business, can best identify strategic priorities and opportunities, and thus lead discussion at the Board level to execute the Company's strategy. The Board also believes that the combined role of Chairman and CEO facilitates the flow of information between the Board and executive management. In considering its leadership structure, the Board believes that the majority of independent directors serving on the Board, and the Company's strong corporate policies and procedures, appropriately balance the combined roles of Chairman and CEO.

Board Risk Oversight. Risk management is primarily the responsibility of the Company's management; however, the Board has responsibility for overseeing management's identification and management of those risks. The Board considers risks in making significant business decisions and as part of the Company's overall business strategy. The Board and its committees, as appropriate, discuss and receive periodic updates from senior management regarding significant risks to the Company in connection with the annual review of the Company's business plan and its review of budgets, strategy and major transactions.

Each of the Board's committees assists the Board in overseeing the management of the Company's risks within the areas delegated to that committee, which in turn reports to the full Board, as appropriate. The Audit Committee is responsible for risks relating to its review of the Company's financial statements and financial reporting processes, the evaluation of the effectiveness of internal control over financial reporting, and compliance with legal and regulatory requirements. The Compensation Committee is responsible for monitoring risks associated with the design and administration of the Company's compensation programs. The Nominating Committee oversees risk as it relates to the Company's corporate governance processes. Each committee has full access to management.

Nominating Committee

The Nominating Committee is governed by the terms of the Nominating Committee Charter and its Attachments (together, the "Charter") with respect to the consideration and selection of nominees, including those recommended by shareholders, proposed for election to the Board of Directors.

The Criteria and Procedures.

The Company strives to have a Board of Directors which will work diligently to promote the long-term interests of the Company and its shareholders. To that end, the Charter sets forth certain director qualification criteria (the "Criteria") which the Nominating Committee believes are necessary for a director of the Company to possess, and provides a description of the procedures to be followed when making a recommendation as to any nominee. So long as any individual proposed by shareholders meets the Criteria, the Nominating Committee will consider such recommendations on the same basis as other candidates. The Criteria include integrity, reputation, judgment, knowledge, independence, experience and accomplishments, board interaction, skills and long-term commitment. The Committee is to apply the Criteria to candidates recommended by a Nominating Committee member, other Directors and management, as well to any candidate meeting the Criteria recommended by shareholders.

During the selection process, the Nominating Committee seeks inclusion and diversity within the Board and adheres to the Company's policy of maintaining an environment free from discrimination based upon race, color, religion, national origin, sex, age, disability, sexual preference or orientation, marital status or any other unlawful factor. The Board strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills and expertise to oversee the Company's business.

The Nominating Committee annually reviews the requirements relating to diversity and recommends to the Board any changes it believes appropriate to reflect best practices. In addition, the Board assesses annually its overall effectiveness by means of a self-evaluation process. This evaluation includes, among other things, an assessment of the overall composition of the Board, including a discussion as to whether the Board has adequately considered diversity, among other factors, in identifying and discussing director candidates.

The Evaluation Process.

The Charter also describes the process for identifying and evaluating nominees for director, including those nominated by shareholders. In each instance, the Nominating Committee is to assess the Board's present and anticipated strengths and needs, based upon the Company's current and future needs. The selection of candidates is intended to provide the Board with an appropriate balance of expertise or experience in accounting and finance, technology, management, international business outside of the United States, compensation, corporate governance, strategy, industry knowledge and general business matters.

Management's Nominees.

Messrs. Newman and Burgess recommended both Messrs. Taylor and Clark as management's proposed Class 3 Director nominees to stand for election by shareholders at this Annual Meeting. In addition to other Criteria, any nominee recommended to fill a vacancy on the Nominating, Audit or Compensation Committee will be required to meet independence standards set forth in of Rule 5605 of the NASDAQ Capital Market listing standards.

Nominees by Shareholders.

Shareholders of the Company may make their suggestions for a director nominee to the entire Board of Directors, or to any individual director, by a submission directed to the Company's Corporate Secretary's Office. The Corporate Secretary's Office will then forward the recommendation, together with all supporting documentation, to Mr. Clark, as Chairman of the Nominating Committee. Supporting documentation must include a detailed background of the proposed candidate, and demonstrate how the candidate meets the Criteria. In fiscal year 2010, one self-nominated shareholder was proposed to the Nominating Committee as a candidate for director.

Recommendations should be sent c/o Corporate Secretary's Office, Taylor Devices, Inc., 90 Taylor Drive, P. O. Box 748, North Tonawanda, NY 14120-0748.

- (1) The Company's 2004 Employee Stock Purchase Plan (the "Employee Plan") permits eligible employees to purchase shares of the Company's common stock at fair market value through payroll deductions and without brokers' fees. Such purchases are without any contribution on the part of the Company. As of May 31, 2010, 236,542 shares were available for issuance.

Employment Agreements

As of December 1, 2000, Messrs. Taylor and Hill (each, an "Executive") entered into Employment Agreements with the Company (together, the "Agreements"). The Agreements, by their terms, expire on December 31, 2010, provided however, that, upon written notice given by either party to the other at least 30 days prior to the expiration date, this Agreement may be renewed by mutual agreement of the parties. Prior to any renewal of this Agreement by the Company, the Board of Directors of the Company, acting by a majority of its disinterested members, shall conduct a comprehensive evaluation and review of the performance of the Executive for purposes of determining whether to renew the Agreement. Under the Agreements, Messrs. Taylor and Hill are entitled to receive base salaries of not less than \$174,000 per year and \$138,000, respectively, together with such employee benefits and perquisites as were available to them immediately prior to December 1, 2000. Should the Executive voluntarily resign, the Company may, in the discretion of the Board, pay the Executive a severance payment which the Board may determine at the time. The Company retains the right to terminate each Executive for "Cause", without compensation. "Cause" is defined to include personal dishonesty, incompetence, willful misconduct, any breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of law, or willful material breach of the Agreement. If the Company terminates either Executive without cause, or if either Executive resigns because the Company has failed to appoint him to the office he currently holds, or makes any material change in his functions, duties, or responsibilities, then the terminated Executive is entitled to a payment equal to the greater of the payments due him for the remaining term or 1.2 times the average of his three preceding years' cash compensation plus contributions to employee benefit plans. In the event of a "Change of Control," as defined in the Agreements, followed by termination of the Executive's employment, the Company has agreed to pay each Executive a sum equal to the greater of the payments due him for the remaining term, or 2.99 times the average of the five preceding years' cash compensation plus contributions to employee benefit plans. If an Executive voluntarily terminates his employment when there has not been a Change in Control, then the Agreements provide that the Executive will not compete with the Company for a period of one year in any city, town or county where the Company's principal office is located.

Indemnification Insurance for Directors and Officers

On August 24, 2010, the Company purchased a director and officer indemnification insurance policy written by the Federal Insurance Company through Chubb. The renewal was for a one-year period at an annual premium of \$47,000. The policy provides indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of his conduct in such capacities. No payments or claims for indemnification or expenses have been made under any directors and officers' insurance policies purchased by the Company.

The Company has entered into Indemnity Agreements with its directors and certain officers. Although the New York Business Corporation Law (the "BCL") and the By-laws authorize the Company to indemnify directors and officers, they do not require the directors and officers to be indemnified during the pendency of litigation or specify the times at which the Company is obligated to reimburse an indemnified person for expenses. The Indemnity Agreements provide that the Company will advance litigation expenses to the person indemnified while the action is pending, upon the indemnified person's assurance (as required by the BCL) that the advance will be returned if the indemnified person is ultimately found not to be entitled to it.

OTHER PLANS

The Company adopted an Employee Stock Purchase Plan in 2004. As of September 24, 2010, there are 235,847 shares available for sale to qualified employees. The Company also provides a 401(k) plan.

Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it.

The financial statements of the Company are contained in the Company's 2010 Annual Report which accompanies this Proxy Statement.

OTHER MATTERS

Voting

Under the Business Corporation Law of New York ("BCL") and the Company's By-laws, the presence, in person or by proxy, of a majority of the outstanding common shares is necessary to constitute a quorum of the shareholders to take action at the Annual Meeting. The shares which are present or represented by a proxy will be counted for quorum purposes regardless of whether or not a broker with discretionary authority fails to exercise discretionary voting authority with respect to any particular matter.

Directors standing for election must be elected by a plurality of votes cast at the Annual Meeting, and if elected, serve in the class of Directors to which they are elected. Any other action properly brought before the meeting, including ratification of Lumsden & McCormick, LLP as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2011, requires a majority of the votes cast at the meeting by shareholders entitled to vote.

For voting purposes, all proxies marked "for", "against", "abstain", or "withhold authority" will be counted in accordance with such instruction as to each item. In no event will an abstention be counted as a vote cast. No broker non-votes will be counted for any item.

Expenses

The expenses of this solicitation, including the costs of preparing and mailing this Proxy Statement and accompanying material, will be borne by the Company. The Company has retained the services of Regan & Associates, Inc. to assist in the solicitation of proxies under a contract providing for payment of \$5,250, plus reimbursement of reasonable out-of-pocket expenses. In addition to solicitations by mail, Regan & Associates, Inc. and regular employees of the Company may solicit proxies in person, by mail or by telephone, but no employee of the Company will receive any compensation for solicitation activities in addition to his or her regular compensation. Expenses may also include the charges and expenses of brokerage houses, nominees, custodians and fiduciaries for forwarding proxies and proxy materials to beneficial owners of shares.

The Board of Directors knows of no other matters to be voted upon at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote on such matters in accordance with their judgment.
