All Board members traditionally attend the annual meeting, notwithstanding that the Company does not have a policy with regard to attendance. All five Board members attended the Company's Annual Meeting of Shareholders held on October 28, 2016.

*The Executive Committee*, between meetings of the Board of Directors and to the extent permitted by law, exercises all of the powers and authority of the Board in the management of the business of the Company. The Executive Committee is comprised of Messrs. Taylor, Hill and Newman. The Committee did not meet in fiscal 2017.

### **Nominating Committee**

The Nominating Committee is governed by the terms of its Charter with respect to the consideration and selection of nominees proposed for election to the Board of Directors, including those recommended by shareholders.

#### *The Criteria and Procedures.*

The Company strives to have a Board of Directors which will work diligently to promote the long-term interests of the Company and its shareholders. To that end, the Nominating Committee Charter sets forth certain director qualification criteria (the "Criteria") which the Nominating Committee and the Board believes are necessary for a director of the Company to possess, and provides a description of the procedures to be followed when making a recommendation as to any nominee. So long as any individual proposed by shareholders meets the Criteria, the Nominating Committee will consider such recommendations on the same basis as other candidates. The Criteria include integrity, reputation, judgment, knowledge, independence, experience and accomplishments, board interaction, skills and long-term commitment. The Committee is required to apply the Criteria to candidates recommended by a Nominating Committee member, other directors and management, as well as to any candidate meeting the Criteria recommended by shareholders.

During the selection process, the Nominating Committee seeks inclusion and diversity within the Board and adheres to the Company's policy of maintaining an environment free from discrimination based upon race, color, religion, national origin, sex, age, disability, sexual preference or orientation, marital status or any other unlawful factor. The Board strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills and expertise to oversee the Company's business.

The Nominating Committee annually reviews the requirements relating to diversity and recommends to the Board any changes it believes appropriate to reflect best practices. In addition, the Board assesses annually its overall effectiveness by means of a self-evaluation process. This evaluation includes, among other things, an assessment of

the overall composition of the Board, including a discussion as to whether the Board has adequately considered diversity, among other factors, in identifying and discussing director candidates.

#### *The Evaluation Process.*

The Nominating Committee Charter also describes the process for identifying and evaluating nominees for director, including those nominated by shareholders. In each instance, the Nominating Committee must assess the Board's present and anticipated strengths and needs, based upon the Company's current and future needs. The selection of candidates is intended to provide the Board with an appropriate balance of expertise or experience in accounting and finance, technology, management, international business, compensation, corporate governance, strategy, industry knowledge and general business matters.

#### *Management's Nominee.*

Messrs. Clark and Burgess recommended Mr. Newman as management's proposed Class 1 Director nominee to stand for election by shareholders at this Annual Meeting. In addition to other Criteria, any nominee recommended to fill a vacancy on the Nominating, Audit or Compensation Committee must meet independence standards set forth in of Rule 5605 of the NASDAQ Capital Market listing standards.

#### *Nominees by Shareholders.*

Shareholders of the Company may make their suggestions for a director nominee to the entire Board of Directors or to any individual director, by a submission directed to the Company's Corporate Secretary's Office. The Corporate Secretary's Office will then forward the recommendation, together with all supporting documentation, to Mr. Clark, as Chairman of the Nominating Committee. Supporting documentation must include a detailed background of the proposed candidate and demonstrate how the candidate meets the Criteria.

Recommendations should be sent c/o Corporate Secretary's Office, Taylor Devices, Inc., 90 Taylor Drive, P. O. Box 748, North Tonawanda, NY 14120-0748.

### **Communicating with the Board of Directors**

Although the Board of Directors does not have a formal procedure for shareholders to send communications to the Board of Directors, a shareholder may communicate with the Company at its website at [www.taylordevices.com/Investors.htm](http://www.taylordevices.com/Investors.htm). The Company will relay communications to specified individual directors if an express request to do so is included in the shareholder communication.

### **Code of Ethics**

On August 23, 2003, the Company adopted a Code of Ethics (the "Code") which is a compilation of written standards reasonably designed to deter wrongdoing and promote honest and ethical conduct. Code requirements include, among others, the preparation of full, fair, timely and understandable disclosure in documents that the Company files with and submits to the SEC; compliance with governmental laws, rules and regulations; prompt internal reporting of violations to the Code; and accountability for adherence to the Code. There have been no amendments to the Code since its adoption.

### **Board Leadership Structure**

The positions of Chief Executive Officer ("CEO") and Chairman of the Board are both held by Mr. Douglas Taylor. The Board believes that the combined role of Chairman and CEO is the most effective leadership structure for the Company and in the best interests of its shareholders. It serves to promote strong and consistent leadership, allowing management to speak with a single voice and delineate primary responsibility for management of the Company. The Board believes that Mr. Taylor is best suited to serve as Chairman because, as CEO, he is most knowledgeable regarding the Company's business, can best identify strategic priorities and opportunities, and thus, more effectively lead discussion at the Board level to execute the Company's strategy. The Board also believes that the combined role of Chairman and CEO facilitates the flow of information between the Board and executive management. In considering its leadership structure, the Board believes that the majority of independent directors

serving on the Board, and the Company's strong corporate policies and procedures, appropriately balance the combined roles of Chairman and CEO.

### **Board Risk Oversight**

Risk management is primarily the responsibility of the Company's management; however, the Board has responsibility for overseeing management's identification and management of those risks. The Board considers risks in making significant business decisions and as part of the Company's overall business strategy. The Board and its committees, as appropriate, discuss and receive periodic updates from senior management regarding significant risks, if any, to the Company in connection with the annual review of the Company's business plan and its review of budgets, strategy and major transactions.

Each Board committee assists the Board in overseeing management of the Company's risks within the areas delegated to that committee, and is tasked with reporting to the full Board, as appropriate. The Audit Committee is responsible for risks relating to its review of the Company's financial statements and financial reporting processes, the evaluation of the effectiveness of internal control over financial reporting, and compliance with legal and regulatory requirements. The Compensation Committee is responsible for monitoring risks associated with the design and administration of the Company's compensation programs. The Nominating Committee oversees risk as it relates to the Company's corporate governance processes. Each committee has full access to management. In addition, the Audit Committee meets regularly with the Company's independent auditors.

**Employment and Change in Control Agreements**

As of August 26, 2014, Messrs. Taylor, Hill and McDonough (each, an "Executive") entered into Employment Agreements with the Company (together, the "Agreements"). By their terms, the Agreements expire on December 31, 2017, provided however, that, upon written notice given by either party to the other at least 30 days prior to the expiration date, either of the Agreements may be renewed by mutual agreement of the parties. Prior to any renewal by the Company, the Board of Directors (acting, in the case of Mr. Taylor or Mr. Hill, by a majority of its disinterested members), is required to conduct a comprehensive evaluation and review of the performance of the Executive for purposes of determining whether to renew his Agreement. Under the Agreements, Messrs. Taylor, Hill and McDonough are entitled to receive base salaries of not less than \$212,034 per year, \$166,781 per year and \$144,941 per year, respectively, together with such employee benefits and perquisites as were available to them immediately prior to August 26, 2014. The Company retains the right to terminate each Executive for "Cause," without compensation. "Cause" is defined to include personal dishonesty, incompetence, willful misconduct, any breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of law, or willful material breach of the Agreement. If the Company terminates an Executive without cause, or if an Executive resigns because the Company has failed to appoint him to the office he currently holds, or makes any material change in his functions, duties, or responsibilities, the terminated Executive is entitled to a payment equal to the greater of the payments due him for the remaining term, or 1.2 times the average of his three preceding years' cash compensation plus contributions to employee benefit plans. In the event of a "Change in Control," as defined in the Agreements, followed by termination of the Executive's employment, the Company has agreed to pay each Executive a sum equal to the greater of the payments due him for the remaining term, or 2.99 times the average of the five preceding years' cash compensation, plus contributions to employee benefit plans, except that the sum shall be reduced to an amount that does not include an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code. If an Executive voluntarily terminates his employment absent any Change in Control, the Agreements provide that the Executive will not compete with the Company for a period of two years in any location where the Company has made sales within the five years preceding such termination.

## Indemnification Insurance for Directors and Officers

On August 24, 2017, the Company purchased a director and officer indemnification insurance policy written by the Federal Insurance Company through Chubb. The renewal was for a one year period at an annual premium of \$54,145. The policy provides indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of his conduct in such capacities. No payments or claims for indemnification or expenses have been made under any directors' and officers' insurance policies purchased by the Company.

The Company has entered into Indemnity Agreements with its directors and certain officers. Although the Company's by-laws and the New York Business Corporation Law (the "BCL") authorize the Company to indemnify directors and officers, neither require the directors and officers to be indemnified during the pendency of litigation or specify the times at which the Company is obligated to reimburse an indemnified person for expenses. The Indemnity Agreements provide that the Company will advance litigation expenses to the person indemnified while the action is pending, upon the indemnified person's assurance (as required by the BCL) that the advance will be returned if the indemnified person is ultimately found not to be entitled to it.

## GENERAL INFORMATION

### Voting

Under the Business Corporation Law of New York ("BCL") and the Company's By-laws, the presence, in person or by proxy, of a majority of the outstanding common shares is necessary to constitute a quorum of the shareholders to take action at the Annual Meeting. The shares which are present or represented by a proxy will be counted for quorum purposes regardless of whether or not a broker with discretionary authority fails to exercise discretionary voting authority (a "broker non-vote") with respect to any particular matter.

A nominee standing for election must be elected by a plurality of votes cast at the Annual Meeting, and if elected, serve in the class of directors to which he is elected. Withheld votes and broker non-votes will have no effect on the vote for a nominee.

Any other actions properly brought before the meeting, including Proposal 2, ratification of Lumsden & McCormick, LLP as the Company's independent registered public accounting firm for the fiscal year ending May 31, 2018, requires a majority of the votes cast at the meeting by shareholders entitled to vote. Abstentions will have the same effect as a vote against the action. Broker non-votes will have no effect on the vote upon the action.

For voting purposes, all proxies marked "for," "against," "abstain," or "withhold authority" will be counted in accordance with such instruction as to each item.

### Expenses

The expenses of this solicitation, including the costs of preparing and mailing this Proxy Statement and accompanying material, will be borne by the Company. ### Taylor Devices, Inc. Director Independence Standards

The Board of Directors of Taylor Devices, Inc. has adopted Director Independence Standards to assist in its determination of director independence. To be considered "independent" for purposes of these standards, the Board must determine that the director has no material relationship with Taylor, other than as a director, that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In each case, the Board will broadly consider all relevant facts and circumstances and will apply the following standards, based on the independence standards established by the NASD:

1. A director will not be considered "independent" if the following conditions are present:
  - The director is, or at any time during the past three years, was employed by Taylor or by any parent or subsidiary of Taylor;
  - The director, or a Family Member of the director, accepted any payments from Taylor or any parent or subsidiary of Taylor in excess of \$120,000 during the current or any of the past three fiscal years, other than compensation for Board or Board committee service; payments arising solely from investments in Taylor's securities; compensation paid to a family member who is a non-executive employee of Taylor; benefits under a tax-qualified retirement plan or non-discretionary spending; or certain loans permitted under Section 13(k) of the Securities Exchange Act of 1934;
  - The director is a Family Member of an individual who is, or at any time during the past three years was, employed by Taylor or by any parent or subsidiary of Taylor as an executive officer;
  - The director, or a Family Member of the director, is a partner in, or a controlling shareholder or an executive officer of, any organization to which Taylor made, or from which Taylor received, payments (other than payments arising solely from investments in Taylor's securities or payments under non-discretionary charitable contribution matching programs) for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more;
  - The director, or a Family Member of the Director, was employed as an executive officer of another entity where at any time during the past three years any of Taylor's present executives serve on that entity's compensation committee; or
  - The director, or a Family Member of the Director, is a current partner or employee of Taylor's outside auditor or worked on Taylor's audit at any time during any of the past three years.
2. For purposes of these standards, a "Family Member" includes a person's spouse, parents, children, and siblings, whether by blood, marriage or adoption, or anyone residing in such person's home.

3. The Committee may engage the services of search firms and advisors to help the Committee identify and screen potential director nominees.

4. The Committee shall consider recommendations for director nominees made by shareholders and other sources (including self-nominees) if these individuals meet the Director Qualification Criteria. For consideration by the Committee, the submission must be sent to the Corporate Secretary's Office and shall include a detailed background of the suggested candidate demonstrating how the individual meets the Director Qualification Criteria. If a candidate proposed by a shareholder or other source meets the Director Qualification Criteria, the individual will be considered on the same basis as other candidates.

5. The Committee shall assess the Board's current and anticipated strengths and needs based upon the Board's current profile and Taylor's current and future needs. The Committee should select candidates so that the Board has an appropriate balance of expertise or experience in accounting and finance, technology, management, international business outside of the United States, compensation, corporate governance, strategy, industry knowledge and general business matters.

6. The Committee shall screen the slate of director candidates to identify the individuals who best fit the Director Qualification Criteria and the Committee's assessment of the Board's needs.

7. During the selection process, the Committee shall seek inclusion and diversity within the Board and adhere to Taylor's policy of maintaining an environment free from discrimination based upon race, color, religion, national origin, sex, age, disability, sexual preference or orientation, marital status or any other unlawful factor.

8. Prior to nomination of a new director, the Committee may retain an advisor to check the references and background on the candidate. In addition, the Committee will follow other prudent practices prior to nomination, such as interviews of the potential nominee with Board members and senior management.

9. Based upon the results of the foregoing, the Committee shall (a) recommend for election by the Board, a candidate to fill a vacancy or a newly created directorship, or (b) for each annual meeting, recommend for nomination by the Board a slate of directors for the election by shareholders.
